Dear Scholarship Applicant:

Thank you for your interest in Florida College. We believe it to be an excellent choice not only for its academics, but because those who choose Florida College will have contact with faculty and students who are genuinely trying to serve God.

To help you complete the Scholarship Application, the Scholarship Committee would like you to consider the following:

1. Portions of the application will require the help of your parents. We understand that sometimes they cannot or will not help. If such is the case, do the best you can to complete the form and then be sure to send along a note of explanation.
2. In completing line 2 of the application, please understand that camp attendance is considered a "benefit" you have received and is not considered something you have done for the Booster Club. Instead, we would like to know how you or your family have supported the efforts of the club through fund-raisers, committee work, or as part of the camp staff, etc.
3. For line 9, if you have been home-schooled, work with your parents to determine a grade point average if you have not calculated one before. We welcome applications from home-schoolers as well as those educated in public or private schools. Indicate ACT and SAT scores if those tests have been taken and the scores are known.
4. In completing line 10 of the application, we would like you to explain your motivation for wanting to attend Florida College. This part of the application gives you an opportunity to tell us in your own words why Florida College appeals to you.

*Please also understand the following:*

5. A scholarship from the Booster Club should not be considered as "automatically" due anyone. We have limited funds and therefore must be careful to make good choices.
6. We, the members of the Scholarship Committee, will evaluate all applications and do our best to make wise, fair decisions. Since judgment is involved, we ask for your support.
7. The factors generally considered in the evaluation of applicants are as follows:
  - A. *Financial Need* — as indicated by family income and other assistance (grants, scholarships, etc.).
  - B. *Club Membership and Participation* — club membership is typically considered a *minimum* requirement. Consideration is given to opportunity and ability to participate in club activities (meeting attendance, fund-raising, camp staff volunteer, etc.).
  - C. *Personal Efforts* — your own efforts to assist in paying for your college expenses (personal savings, part-time jobs, etc.).
  - D. *Scholarship Factors* — ACT and SAT scores and grade point average are considered.
8. Finally, remember that you need to submit an application *each* year.

Best Regards,

The Scholarship Committee

**APPLICATIONS MUST BE POSTMARKED BY JUNE 1, 2010**

Please submit completed application to one of the members of the Scholarship Committee
